

Leon Thomsen
Research Professor of Geophysics

2025 Highlights

- Was presented with EAGE's 2024 **Loránd Eötvös Award** for the Best Paper published in Geophysical Prospecting in 2023. This paper had previously been *rejected* for publication by the same journal, as it upsets 72 years of geophysical dogma.
- **20IWSA**, the 20th International Workshop on Seismic Anisotropy, was held in his honor in Cagliari, Italy.
- A professional memoir, **Surely You're Joking, Mr. Thomsen**: Adventures of a Petroleum Scientist, was published by the Society of Exploration Geophysicists.
