

# Qi Fu

## Associate Professor

Department of Earth & Atmospheric Sciences  
312 Science & Research Building 1  
University of Houston  
Houston, TX 77204-5007

Office: Room 328B  
Telephone: (713) 743-3660  
Fax: (713) 743-4544  
Email: qfu5@central.uh.edu

---

### EDUCATION

- 2006 Ph.D., Geology, University of Minnesota, Twin Cities, MN
- 1997 M.S., Earth Sciences, Nanjing University, Nanjing, China
- 1994 B.S., Earth Sciences, Nanjing University, Nanjing, China

### PROFESSIONAL EXPERIENCE

- 2019 – Present Associate Professor, Dept. of Earth & Atmospheric Sciences, University of Houston, Houston, TX
- 2016 – Present Courtesy joint appointment, Dept. of Chemistry, University of Houston, Houston, TX
- 2014 – Present Visiting Professor, Shandong University of Science and Technology, Qingdao, China
- 2013 – 2019 Assistant Professor, Dept. of Earth & Atmospheric Sciences, University of Houston, Houston, TX
- 2012 – 2013 Research Assistant Professor, Dept. of Earth & Atmospheric Sciences, University of Houston, Houston, TX
- 2011 – 2013 Research Scientist, NASA Johnson Space Center, Houston, TX
- 2008 – 2011 Postdoctoral Fellow, NASA Johnson Space Center & Lunar and Planetary Institute, Houston, TX
- 2006 – 2008 Postdoctoral Associate, Dept. of Geology and Geophysics, University of Minnesota, Twin Cities, MN

### FUNDED PROJECTS

- 05/01/2017-04/30/2022 Q. Fu – P.I.  
CAREER: Comprehensive chemical and isotopic characterization of abiotic organic synthesis: An experimental study and its implication for organic formation in hydrothermal systems.  
National Science Foundation (NSF) Faculty Early Career Development (CAREER) Program - \$516,575
- 01/01/2016-12/31/2019 Q. Fu – Co-P.I., W. Liu – P.I.  
Characterization of source rocks and assessment of hydrocarbon generation potential in gypsum-salt sequences in marine sedimentary basins.  
National Natural Science Foundation of China (NSFC) and SINOPEC - \$65,000, (through Shandong University of Science and Technology, Qingdao, China)
- 09/01/2014-08/31/2016 Q. Fu – P.I.  
Experimental study of carbon and hydrogen isotope equilibria among CO<sub>2</sub> and hydrocarbons in sedimentary basins.  
American Chemical Society Petroleum Research Fund (ACS PRF) - \$110,000

09/01/2014-05/31/2015 Q. Fu – P.I.

Oxidation kinetics of organic compounds and evolution of carbon and hydrogen isotopes under Martian subsurface conditions: An experimental study.

UH New Faculty Research program - \$6,000

08/10/2010-04/24/2015 Q. Fu – P.I.

Experimental investigations on reaction pathways and isotope signatures of abiotic organic synthesis in hydrothermal systems.

NASA Astrobiology: Exobiology and Evolutionary Biology program, Grant NNX10AR18G and NNX13AH75G - \$298,677 (\$88,487.73 to UH)

## PROFESSIONAL SERVICE

### • Proposal Review

*ACS PRF, 2018*

*NASA Exobiology Program, 2018*

*NSF Graduate Research Fellowship Program (GRFP), 2019, 2018, 2017*

*NASA Mars Science Laboratory Participating Scientist Program (MSLPSP), 2015*

*NSF Marine Geology and Geophysics (MGG) program, 2017, 2015, 2014*

*NASA Postdoctoral Program, 2018 (November, July, March), 2017 (November, March), 2016 (November, July, March), 2015 (July)*

*DoD Science, Mathematics And Research for Transformation (SMART) Scholarship for Service Program, January 2015*

### • Journal Review

Editorial board member: *Journal of Natural Gas Geoscience, PLOS ONE*

Reviewer: *AAPG Bulletin, Applied Geochemistry, Basin Research, Chemical Geology, Energy Exploration & Exploitation, Geochemical Transactions, Geochimica et Cosmochimica Acta, Geology, Journal of Asian Earth Sciences, Journal of Geochemical Exploration, Journal of Geophysical Research – Atmospheres, Journal of Himalayan Earth Sciences, Journal of Petroleum Science and Engineering, Marine and Petroleum Geology, Organic Geochemistry, PLOS ONE*

### • Conferences

Science program committee member:

*Lunar Planet. Sci. Conf. XLII. Houston, TX. March, 2011.*

Session chair:

“Origin and fate of organic compounds in hydrothermal systems”, *Goldschmidt Conference 2015. Prague, Czech. August, 2015.*

“Hydrothermal systems and organosynthesis processes: Origin and evolution of life”, *Astrobiology Science Conference 2010. Houston, TX. April, 2010.*

Abstract review:

*AAPG Annual Convention & Exhibition 2019*

Student awards committee member:

*Volcanology, geochemistry, and petrology (VGP) section, American Geophysical Union (AGU), 2013 – 2015.*

Student presentation judge:

Robertson N. \*, Niles P., and **Fu Q.** (2019) Carbon isotopes of CO<sub>2</sub> from mineral catalyzed organic oxidation processes under Martian conditions. *Earth and Planetary Science Letters* (in prep.).

• **Accepted or Published**

Chen X.\*, Liu Q., Meng Q., Zhu D., Liu W., and **Fu Q.** (2019) Assessing effects of sulfate minerals on petroleum generation in sedimentary basins using hydrous pyrolysis: I. Light hydrocarbons. *Marine and Petroleum Geology*, DOI: 10.1016/j.marpetgeo.2019.07.004

## INVITED LECTURES

Experimental assessment of reaction pathways in organic reactions: Implications for generation and transformation of light hydrocarbons. Shandong University of Science and Technology, Qingdao, China. June 28, 2019.

Experimental investigations of hydrocarbon formation and transformation in sedimentary basins: Implications for petroleum exploration. China University of Geosciences, Beijing, & China Geological Survey, Beijing, China. June 25, 2019.

Life on Mars? NASA High School Aerospace Scholars (HAS) program, STEM Center, University of Houston, Houston, TX. June 9, 2019

Experimental assessment of reaction pathways in organic reactions: Implications for generation

and transformation of light hydrocarbons. Lamont-Doherty Earth Observatory, Columbia University, Palisades, New York. Mar 27, 2019.

Reaction pathways of organic reactions: Implications of using isotope geochemistry for petroleum exploration. Petroleum Exploration and Production Research Institute, SINOPEC, Beijing, China. June 30, 2016.

Assessment of reaction pathways in organic reactions: Implications for generation and transformation of organic compounds. Baylor University, Waco, Texas. November 6, 2015.

Experimental study of generation and transformation of organic compounds in hydrothermal systems. Shandong University of Science and Technology, Qingdao, China. July 1, 2014.

Understanding hydrocarbon formation and interaction with laboratory experiments. Nanjing University, Nanjing, China. June 18, 2014.

Experimental investigations of hydrocarbon formation and transformation in sedimentary basins. Petroleum Exploration and Production Research Institute, SINOPEC, Beijing, China. June 11, 2014.

Experimental investigations on abiotic formation of hydrocarbons under hydrothermal conditions. Lunar and Planetary Institute, Houston, TX. September 5, 2008.

## **WORKSHOPS**

TOUGH Training Course, Lawrence Berkeley National Laboratory (2006)  
The Geochemist's Workbench (GWB) Training Course, RockWare Inc. (2002)  
MODFLOW Training Course, Missimer International Inc. (1998)

## **SCHOLARSHIPS**

Dennis Graduate Fellowship, University of Minnesota (2003-2004)  
Maximillion Lando Scholarship, University of Minnesota (2004)  
Gibson Scholarship, University of Minnesota (2002, 2003)  
Guang Hua Graduate Fellowship, Nanjing University (1995)  
Ying Song Scholarship, Nanjing University (1993)  
Nanjing University Scholarship, Nanjing University (1992-1994)

## **PROFESSIONAL AFFILIATIONS**

American Association of Petroleum Geologists (AAPG)  
American Geophysical Union (AGU)  
Geochemical Society (GS)  
Geological Society of America (GSA)  
NASA Astrobiology Institute (NAI)
